

REMARKS/ARGUMENTS

Claims 18 to 20, 22 to 25, 27, 28, 30 to 34 and 55 to 57 remain in this application and have been allowed. Claims 1 to 17, 21, 26, 29 and 35 to 54 have been cancelled, without prejudice to submitting in a continuing application.

Claim 31 has been amended to correct a clerical error.

A request for formal drawing was included in the Notice of Allowability. In reviewing and correcting the drawings, clerical errors in the specification and claim 31 were noted. It is respectfully submitted that review and correction of the specification and claim 31 will not take substantial time or effort and the corrections should be made.

Specifically, the carryover paragraph on pages 9 and 10 and the first full paragraph on page 10 have been amended to correct minor clerical errors. The reference numeral for door 42 as set forth on page 9, line 33, and page 10, line 8, was mislabeled on lines 13, 17 and 24 of page 10. The phrase deleted from page 10, lines 17 and 18, improperly describes the funnel 50 as shown in Figure 3. Therefore, it has been deleted.

In claim 31, the article "the" was omitted preceding the phrase "pressure-sensitive adhesive layer" in line 2. Therefore this informality has been corrected.

In amended Figure 2, mislabeled elements 41 and 44 have been corrected to 44 and 42, respectively. Support for the changes are found at page 9, line 33, and page 10, lines 2 and 8.

Applicants submit that the application is now in a condition for issuance.

Respectfully submitted,
